School Board Meetings during State of Emergency

In regard to conducting public meetings during a state of emergency such as the coronavirus pandemic, Georgia law O.C.G.A. 50-14-1(g) states:

Under circumstances necessitated by emergency conditions involving public safety or the preservation of property or public services, agencies or committees thereof not otherwise permitted by subsection (f) of this Code section to conduct meetings by teleconference may meet by means of teleconference so long as the notice required by this chapter is provided and means are afforded for the public to have simultaneous access to the teleconference meeting....

Business conducted during upcoming school board meetings and work sessions will be limited to only actions that are deemed as essential to the continued operation of the system. Agendas will be kept as short as possible, followed by executive session. Recognitions and other non-essential items for discussion will be tabled until such time that it is deemed safe for the general public to attend without putting others at risk.

School board meetings are still open to the public. However, so that we may continue with the business of our school system and, at the same time, follow the recommendations of the Center for Disease Control (CDC) and local health officials, we will begin offering an alternate method for the public to view school board meetings effective Tuesday, March 24, 2020. To protect the general public as well as the school board members and superintendent, we highly encourage all individuals to view the meetings via a livestream link that is available on the school system website, www.wayne.k12.ga.us. If you do choose to attend the meetings in person rather than to view via livestream, we will follow all precautions recommended by the CDC (i.e., social distancing with seats at least six feet apart, availability of hand sanitizer, etc.).
