REVIEW and REMEDIATION Between Units: Before moving to the next unit, teachers will use data from the common unit assessment to address concepts that need reinforcement and provide individual support for students as indicated in the data analysis.								
These units were written to build upon concepts from prior units. Later units contain tasks that depend upon the concepts addressed in earlier units. All units will include the Mathematical Practices and indicate skills to maintain.								
Grades 6 – 8 Key: NS = The Number System, RP = Ratios and Proportional Relationships, EE = Expressions and Equations, G = Geometry, SP = Statistics and Probability
